DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-46 are rejected under 35 U.S.C. 102(b) as being anticipated by Simmons '980 as set forth in the pervious Office Action.

In reference to the applicant's arguments is the following: In the applicants remarks there is considerable explanation of the prior art and then a summation statement that Simmons does not disclose a "drag plate attached to a support member". The examiner disagrees. Simmons, as earlier stated in the above rejection, contains a support member 11, which although attached to the side plates, anticipates the feature as claimed. Further, the only requirement for the "drag plate" (Simmons, figure 2, reference numeral 18) as claimed be the applicant, is that it is attached to the support member. Looking at figure 2, this is clearly the case.

Art Unit: 3671

Applicant's arguments filed December 8, 2003 have been fully considered but they are not persuasive.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
